

## Design Option ‘C’

**Description:** Maintain grade levels (Pre-K thru 4) at Emily Howland Elementary and (5 thru 12) at Poplar Ridge Jr./Sr. HS.

Pro’s:	Con’s:
<ul style="list-style-type: none"> <li>• “Schools within Schools” have plenty of room to operate.</li> <li>• Emily Howland has a warm, wonderful, unique identity that feels safe and enhances learning.</li> <li>• Continued community use of the building.</li> </ul>	<ul style="list-style-type: none"> <li>• In years where shared staff are needed between buildings, travel time will need to be factor – less efficient for teachers.</li> <li>• Inefficiencies in operation &amp; maintenance costs (i.e. energy, staffing, food services, etc.).</li> <li>• Limitations in cross-grade level teaching.</li> <li>• Facility limitations (i.e. ADA compliance @ EH).</li> <li>• Continued under utilization of amenities such as pool, planetarium, and auditorium due to accessibility.</li> <li>• Continued under utilization of classroom space due to declining enrollment.</li> </ul>

**Cost Impact:** The following is an “Order of Magnitude” project cost for 2009.

Infrastructure Upgrades @ Poplar Ridge Jr./Sr. HS: \$3,250,000\*

Infrastructure Upgrades @ Emily Howland Elementary: \$4,600,000\*

Operation & Maintenance Savings: Not Applicable

---

**Total = \$7,850,000\***

Notes:

\* Infrastructure scope of work has not been prioritized by District. Infrastructure costs could increase or decrease based on prioritization.
