

Rambling Reporter

June 2018

Congratulations!

Class of 2018

2018/2019 Budget

Thank you to the SCCS voters, who approved the budget and the other propositions on the ballot. Your support is greatly appreciated! Thank you also to those who took the time to fill out the exit survey. The district appreciates the feedback.

The Friends of the Planetarium thanks the voters for their support as we approach the day when we can again use the Planetarium and the accompanying classroom for programs. We plan some old uses and some new uses for the facility with your support. *Frank Benenati, Secretary, Friends of the Planetarium.*

The International Club Travels to France

During the April vacation, nine members of the Southern Cayuga International Club and two chaperones traveled to France. The trip began in Paris where the group visited the Arc de Triomphe, Champs-Elysees, Eiffel Tower, the Louvre, Sacre Coeur, and Notre Dame. The club then traveled across France aboard a high speed train with a destination of Avignon. While in the south of France, they explored Les Baux, Arles, Vieux Nice, Eze and walked along the Mediterranean.

Fundraising efforts for this trip began in 2015, which allowed students to earn over \$5,000 toward travel expenses. The club thanks the school administration and staff who assisted in making fundraising and travel possible, as well as community members who contributed toward our efforts. As some students have already expressed interest, the next trip is tentatively scheduled for 2021. Fundraising will begin in Fall 2018.

Club members who visited Paris and Le Midi include Cierra Anderson, Bridget Davis, Samantha Halverson, Sean Kennedy, Kelsey LaFave, Brittney Meade, Sarah Reynolds, Gavin Van Horn and Lily Vernon. Chaperones were Becky Davis and Pam Signor.

Our Trip to Beaver Lake

Our trip to Beaver Lake was very interesting. We explored six different trails. We observed many types of plants and trees. We saw some wildlife including turtles, chipmunks, squirrels, snakes, frogs and fish. We enjoyed the peacefulness of the woods and being outside learning for the day. Submitted by Sophia Vitale, Reagan Binns, Kaeleigh Kessler and Jacob Turek.

SOUTHERN CAYUGA
Anne Frank
TREE PROJECT

The Southern Cayuga Anne Frank Tree Project (SCAFTP) is proud to announce that SCAFTP Committee Chairperson and Southern Cayuga English Teacher, William Zimpfer, was awarded the **2018 Louis E. Yavner Teacher Award**, recognizing his outstanding contributions to New York State education about the Holocaust and other violations of human rights.

In 2013 the Southern Cayuga community received national attention when the Anne Frank Center USA selected it as one of only 11 sites nationwide to receive a sapling from the horse chestnut tree that Anne Frank viewed from her window while in hiding in Amsterdam. With the support of the District's Superintendent, Mary Kay Worth, Mr. Zimpfer wrote and submitted the proposal that brought the sapling tree to the Southern Cayuga School District. The Southern Cayuga Anne Frank Tree Committee was formed to ensure that the spirit of Anne Frank would live on through programming and community outreach. Mr. Zimpfer has worked tirelessly to promote the SCAFTP mission, both in school and in the community. The SCAFTP committee has sponsored lectures from Holocaust survivors, traveling exhibits, student art projects, field trips, community-wide reads, theater productions, films, and more.

"William Zimpfer, in your efforts to make history more meaningful to your students, you have transformed your school community into a historic site for generations to come as a symbol of tolerance and peace. Your work in securing the Anne Frank tree and creating an organization that honors her legacy has made Southern Cayuga Central School District a landmark for social justice." Regent Norwood

Congratulations, Mr. Zimpfer!

Breaking Out of Math

With the students eager to have summer start and school end, students in Mr. Landry's seventh grade math classes participated in a breakout box activity called "The Scam" with the help of Ms. Sedorus. Students were given the premise that something of value was taken from them and they had 60 minutes to figure out how to track it down. Through hard work, perseverance and mathematics, students raced against the clock to retrieve the missing belongings. Students in Mrs. Howell's math class are learning about the Pythagorean Theorem. The classes went to the library and used the breakout boxes to help review what they had learned. They were given a task to solve Pythagorean Theorem problems and to use their answers to help them open locks on the box. Students had 35 minutes to try to break out of the box.

On behalf of the Parents of the Class of 2019, the Southern Cayuga After Prom Party Committee would like to offer a sincere THANK YOU to the many businesses and people who helped make the 2018 SCCS After Prom Party a huge success!

Help Wanted

Substitutes are needed: teachers, teacher aides, bus drivers, bus attendants, cleaners, food service helpers. Apply online at southerncayuga.org/644 and click on one of the applications in the right side column.

Health and Dental Examination Requirements

The 2018-2019 School year will bring significant changes for the health offices at the SCCS. These new requirements are for all of New York State and are not optional. It will also bring changes for our doctor's offices. We have reviewed the regulations carefully and plan to make the transition as smooth as possible.

New York State law will now require a health examination for all students entering the school district for the first time AND when entering pre-kindergarten, kindergarten, first, third, fifth, seventh, ninth and eleventh grades. The examination must be completed by a New York State licensed physician, physician's assistant or nurse practitioner. A newly required and universal form for NYS has been created and will be initiated on July 1, 2018. Any physicals on alternate forms will be returned with a request for the newly mandated form. Physicals will be done by our school's contracted medical staff if not received on the correct form.

A copy of the health examination must be provided to the school within 30 days from when your child first starts at the school, and when your child starts pre-kindergarten, kindergarten first, third, fifth, seventh, ninth and eleventh grades. If a copy is not given to the school within 30 days, the school will contact you.

If your child has an appointment for an exam during this school year that is after the first 30 days of school, please notify the Health Office with the date.

A dental certificate which states your child has been seen by a dentist or dental hygienist is also asked for at the same time. For your convenience, a physical exam form and dental certificate for your health care providers will be provided upon request.

Communication between private and school health staff is important for safe and effective care at school. Your healthcare provider may not share health information with school health staff without your signed permission. Please talk to your provider about signing their consent form for the school at the time of your child's appointment for the examination. We suggest you make copies of the completed forms for your own records before sending them to the school health office. These are big changes for all of us but we are happy to answer any questions you may have. Feel free to contact us any time.

Ann Marie Brown R.N.
315-364-7111 x2172

Sharon Botsford R.N.
315-364-7284

Our sincerest thanks goes to Bruce Kopp for his nine years of service as a Board of Education member, including years served as President and Vice President. Best wishes in your future endeavors!

Thank you!

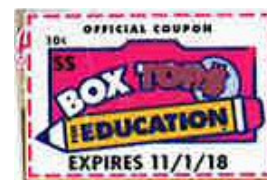

SCHOOL BOARD

On May 7 Rich Johns presented to the 7-12 graders on “Act with Respect Always.” In his message he says your body is 1 percent but your thoughts and actions are 99 percent of you – “What’s your 99?”

Box Tops for Education

We continue to collect Box Tops for Education; please be aware of the expiration dates on them! This is an easy way to earn cash for our school. Cut out the symbol on participating products and send them to Emily Howland. Each one is worth 10 cents for our school!

King Ferry Food Pantry

Although many children cannot wait for summer vacation, for some, summer vacation means long days without enough to eat. People often think more about hunger around the holidays; therefore, donations to food pantries tend to be lower in the summer months. Contrary to what many people think, the highest demand for food is in the summer. A family must provide more than 100 extra meals during summer vacation for each child who is not in school and does not have access to school meals – a difficult situation for most low-income families to face. Parents who have relied on school breakfast and lunch programs may find themselves struggling to put enough food on the table during the summer months.

Throughout the school year the King Ferry Food Pantry and Southern Cayuga Schools have been ensuring children have access to healthy food on the weekends, so they can grow and learn. The Backpack Program has been sending food home to help fill gaps for students identified as being at risk of hunger. As the school year winds down, the families of students who participated in the Backpack Program will be referred to the King Ferry Food Pantry for the same foods that were available in the Backpack Program, and much more for the entire family!

We encourage anyone who is in need of food to call for a convenient appointment, or stop in to the pantry on the first or third Saturday of each month between 9:00 am - 12 noon. The pantry is located in the Agriculture Wing of Southern Cayuga High School. You’ll see raised garden beds outside the Ag Wing which students have planted with vegetables to help feed our hungry neighbors. The summer months provide all of us with the opportunity to plant and grow some of our own food. If you are a gardener and have a surplus of vegetables or fruit over the summer, those donations are most welcome at the food pantry!

If you need food, have food to donate, want to volunteer, or have questions about the pantry, contact Debbie Patrick at (315) 497-2049 or email the Food Pantry at kingferryfoodpantry1@gmail.com.

Friday night Family Swim

Free Lessons at Wells Pool with Certified Instructor

Lesson weeks - July 9/July 23/August 6

On May 9 our sixth grade students participated in a day of learning about forensics and accident scene reconstruction. Our friends from the Cayuga County Sheriff's department, Detective Rob Franklin and Officers Mike Axton and Bobby Guarnieri, helped us gain a better understanding of the field of forensic science. During the course of the day our students learned the fundamentals of analyzing a crime scene, how to collect latent fingerprints, proper photography methods and crime scene preservation techniques. We had an in-depth discussion about social media and the "fingerprints" that we leave online forever. The Sheriff's Department also made strong connections about how academic subjects ELA, math and science are key components in their careers every day. We greatly appreciate the instruction they provided; perhaps we will have students enter law enforcement in the future inspired by these forensics discussions.

Help Wanted

Washington DC

The sixth grade class traveled to Washington DC in May. Students were responsible for fundraising as much of the cost as possible and families kicked in the rest. We rode an Onondaga Coach bus and arrived at Arlington Cemetery, where we observed the Eternal Flame and the changing of the guard at the Tomb of the Unknown Soldier. We settled in at our hotel before dinner and a walk on the National Mall and saw all of the monuments. Wednesday began with a trip to the Washington Zoo, followed by various Smithsonian museums and a walk past the White House. Some very tired children went to bed early that evening! On Thursday we packed and boarded the bus for a short trip to the Udvar Hazy Air and Space Museum. We observed various air and space-related artifacts, ate lunch and toured the gift shop before returning home. The students were exhausted but toured many sights they may not have otherwise had the opportunity to see.

Got Book Volunteers Celebrate the 2017-2018 School Year

by Elaine Meyers

There are many reasons to work, but only two reasons to volunteer – to make a difference and to do something you love. For the 20 volunteers in the Emily Howland GOT BOOK program, both reasons apply. The Emily Howland Elementary School's GOT BOOK program requires that every student read every day. Research confirms that, like any skill, reading improves with daily practice. The GOT BOOK volunteers help students who need an adult to assist with their daily reading goal.

Volunteers meet with students during their lunch time, listen to students read and discuss what they are reading. In the past school year, GOT BOOK volunteers contributed over 26 hours a week and read to 215 children a month. Our volunteers describe their time with the children as the best part of their week. "What could be more fun than reading with a child and talking about what they are learning or imagining," says Nancy Hart.

The program currently has 20 volunteers and can always use more. If you are interested in volunteering (time requirement one day a week from 11:30 to 1:30), please contact Elaine Meyers at 315-364-8986 or email her at elaine.meyers4@gmail.com. It will be the best volunteer job you have ever had.

Fifth graders visited the Cornell Lab of Ornithology. Groups hiked two trails, where they spotted geese, baby goslings, snapping turtles, a chickadee and other types of birds. Inside the Visitor Center groups participated in a hands-on exercise using tweezers to represent beaks picking up seeds. We watched a video on how much patience it takes to be an ornithologist and the methods used to spot birds in nature, especially birds that are not well known! We studied murals to see the different habitats where birds live and discussed how their tails, feet and beaks help them in various ways. The weather was beautiful and a relaxing, educational, fun time was enjoyed by all of us!

Southern Cayuga PTO

Many people think of parent groups as being all about bake sales. Or they think of power-tripping moms ruling their domain, like *Desperate Housewives* and *Harper Valley PTA*. Well, that's good TV, but it's not us.

Southern Cayuga PTO is about men and women working together toward a common goal. That goal is creating a better school and a better educational experience for our children. We strive to create an atmosphere where teachers and administrators can do their best work—and so can our children.

In the past year, we have:

- Hosted the Harlem Wizards event
- Funded scholarships for graduating seniors
- Funded gifts for high school students on Principal's Honor Roll and graduating seniors
- Funded poster and paper supplies for the teachers
- Funded supplies for the elementary cafeteria for the students to do crafts and play games
- Funded the Floating Classroom
- Funded the roller skating lessons and roller skating parties
- Funded sleds for elementary recess
- Funded and served a hot meal for the teachers on conference day in the fall
- Funded and served breakfast for teachers and staff for appreciation day
- Funded snacks for students in grades 3-8 during the state tests
- Contributed to many class trips and field trips
- Contributed to the After Prom Party
- Contributed to reading and other incentive programs

These are just some of the things we have done this year. There's a lot more to be accomplished, and we need your help. We are moms and dads, uncles and aunts, teachers and friends who care about children and education. We are welcoming and friendly. We are your neighbors who share many of the same concerns you do. But without your help, we may no longer continue providing as much, with so few volunteers.

But that's not the only reason to take part. There have been more than 500 independent research studies about parent involvement. The results are startling. When parents get involved in their children's education, grades go up, test scores go up, children become more likely to pass and to attend better schools after high school, they have fewer discipline problems, and they're less likely to use drugs and alcohol.

Volunteering doesn't mean a huge time commitment. An hour or two a year makes a big difference and we have jobs to fit your time schedule and interests. We even have tasks that don't involve coming to the school at all.

Won't you join us? It's easy - just leave us your email and what you might be willing to help with!
And know that it really makes a difference!

Sincerely, Southern Cayuga PTO, President, Nikki Finch,
(315) 246-4256; Nfinch2933@yahoo.com

HELP WANTED!

Anticipated School

Nurse (RN); 10-month position; competitive starting salary and benefits package.

Full-Time School Bus Driver/ Groundskeeper; 12-month school position; competitive salary & benefits package; two years experience in parks or grounds maintenance AND eligible for appropriate level NYS driver's license

Substitute School Bus Drivers; starting salary \$19 per hour; may work daily; enjoy summers off and all school holidays and recesses

Applicants should apply online with the **Support Staff Application**; go to southerncayuga.org/644, click on the application in the right column. SCCS is an Equal Opportunity Employer.

Canine Officer visits Criminalistics Class

by Catherine Kopp, Criminalistics student

On the beautifully sunny morning of February 15, Cayuga County Canine Officer Matt Sloan visited the high school CCC Criminalistics class, taught by Ms. Shaw. As students are currently studying poisons and their effect on the body, this interaction connected classroom education to the criminal field as applied in Cayuga County. During Officer Sloan's time with students, he explained the process of training his K-9, Aaron, the different toys his German Shepard works with to prepare him for field work, and the actual use of the dog in ongoing and solved cases. Students were able to hold the arm sleeves used to train Aaron to forcefully grab and attach to the arm of suspects as well as the wood blocks containing synthetic drugs or their scents. Aaron lives and works with his master Officer Sloan, making the relationship between owner and animal very strong, a pivotal component in any successful team. Aaron showed the students his tricks, as Officer Sloan gave commands in both English and the training language. Organized by Officer Nedza, this opportunity to meet the Cayuga County K-9 unit was an eye-opening experience to many of the students.

The Southern Cayuga PTO would like to express gratitude for the support received from families, community members and staff during this school year. Thanks to your generosity through fundraising and donations, the PTO was able to provide funding for:

The Floating Classroom field trip
Sleds for Emily Howland recess
Jr/Sr High School incentive programs
Library reading incentive programs
The Public Policy Club trip to Washington DC
Snacks during 3-8 ELA, math and science testing
Harlem Wizards vs Red Flash Basketball game
The annual staff dinner during fall Parent-Teacher Conferences
The annual Emily Howland roller skating PE unit and afterschool parties

Ninth grade trip to New York City
Gifts to graduating seniors
Staff Appreciation Day
Classroom materials
The After Prom Party

The fifth grade class at Emily Howland graduated the DARE program on May 25. The program consists of ten lessons that the students do in a workbook; each has a glossary of words the students match to the lesson. They also answer two questions each week; what did they learn and how will they use it during the next week. Lessons cover various topics, including responsibility, personal health, risks, consequences, peer pressure, stress, communication styles, body language, bullying, how to report bullying and making a support network. Students learn how to make good choices using the DARE decision making process: D, define the problems, challenges and opportunities; A, assess their choices using facts and weighing the consequences both positive and negative; R, respond to their choice; and E, evaluate their choices. This is the DARE program.

August 3-4, 2018

920 Rt 34B, King Ferry, NY

Friday Night, August 3: 6:00-8:30pm

Music & Dancing by Donna & the Mystics

Crafters
Antique Tractors
Barn and School House Exhibits
Kid Games & Activities
Cake Wheel
Food, Chicken BBQ, Ice Cream*

*Sponsored by Genoa Historical Association
and the Draft Horse Club*

This past fall, the fifth grade participated in a Monarch Butterfly symbolic migration called Journey North, which is an educational website engaging students in a global study of wildlife migration and seasonal change. We colored life-sized replicas of monarchs and mailed them in. The monarch replicas were sent to children in schools near the place in Mexico where the monarchs spend the winter. In May, we received a collection of monarch replicas back from children all across North America. The teacher letter came from a school in Michigan and it was written in Spanish. The children were excited about all the different places that had participated in this symbolic journey. There is a lot of information, including maps of returning monarchs, on the Journey North website.

Plant Sale

On June 1 and 2, the seventh grade Ag-Math class in collaboration with other Ag classes and FFA had their annual plant sale. Throughout the final marking period the classes learned about parts of the plant, impacts of bees on plants and the environment, how to transplant plants and take care of a garden. Students showcased their knowledge of the plants by making flyers that were posted outside the garden beds. In addition, codes were linked to additional resources or videos the students made. The proceeds of the sale go back into the agriculture classes.

New York City

by Steven Baumes

On May 11 the Freshman Class traveled to New York City. The class visited the American Museum of Natural History and attended the Dark Universe Planetarium Show. After viewing the show, groups and their assigned chaperones toured the museum's displays. After the museum, the group toured the city, visiting the World Trade Center Complex/National 9/11 Memorial and Museum, the Empire State Building, Rockefeller Center, St. Patrick's Cathedral, Macy's Herald Square, Times Square, and many other stores and restaurants. The students had a great and exciting time visiting New York City. We send a special thank you to Mr. Carnicelli, the District, PTO, Boosters and Ms. Sedorus for supporting fundraising efforts for the trip. This would not have been possible without your support! Thank you!

2018 Aurora & Hazard Libraries and SCCS Summer Reading Log

Got Book? There are about 70 days of Summer Reading Time. Each square box below represents a day. Use check marks to count your time reading. Each check is for 15 minutes of reading. At the end of the summer count up the check marks and write it in the provided box below, multiply it by 15 and you'll see the total minutes you read this summer! Please Don't Forget to Bring this log to school in the first week back for a special treat!

E	X	A	M	P	L	E	Total:	Weekly TOTAL	My Favorite Book:
✓	✓		✓	✓	✓	✓	11	Each check = 15 minutes, add amount of checks 11 X by 15 = 165 minutes	

Count up all the checks in each row & add total to column under arrow.

Your Name: _____

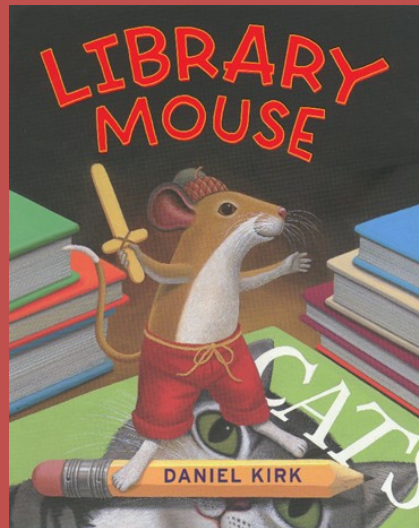

I'm going into grade _____

USE THIS SPACE BELOW TO LIST & SHARE REALLY GREAT BOOKS

AUTHOR AND ILLUSTRATOR

SUMMER READING SCCS 2018 – “Great Book Summer” is a community partnership comprised of the Aurora Free Library, Hazard Library, Southern Cayuga Central School Community and the King Ferry Food Pantry.

This project is funded by the Bernard Carl & Shirley Rosen Library Fund.

Any great ideas, inspirations, or innovations for the Summer Reading Program you'd like to share or if you'd like to volunteer or have questions or need help, please call or email the libraries. Thanks!

With summer here at last, be sure to come see all that the libraries have to offer!
The Summer Reading Program Theme is “**Libraries Rock!**” with events at both libraries.

Aurora Free Library

Monday, July 9, 7 pm **Steel Drum Paradise**
Wednesday, July 11, 10 am **Author & Illustrator Daniel Kirk** of *Library Mouse* fame
Monday, July 16, 7 pm **The Merry-Go-Round Youth Theatre** will perform “*The Bremen Town Musicians*” in the Aurora Village Park
Monday, July 23, 7 pm **Didgeridoo Down Under**
Monday, July 30, 6-9 pm **Game Night** with Lawn games, Bingo and Game Truck!
Saturday, August 11, noon Teddy Bears’ Picnic with **Tom Knight and His Puppets**

Check our website aurorafreelibrary.org and our Facebook page for more information on Escape Rooms, art activities and more this summer. Weekly prize drawings for teens and adults will take place from July 1 through August 11. Gift certificates and more will be given away each week. Kids can bring in their reading records; when they read for 20 days, they will get a free ice cream certificate thanks to Cream at the Top!

Thank you for your support on the school ballot and at our plant sale! Save the dates for the Route 90 Book Sale the last weekend in July and then come have a ball at our Book Lover’s Ball on September 21!

Hope to see you at the library!
